September 2008

# PRO Digital Imaging

THE PREMIER SOURCE FOR IMAGINATIVE DIGITAL PHOTOGRAPHY

## COLOR CONFIDENCE

Why Color Management Matters

**ANDY ROUSE**  
**LIVING DANGEROUSLY**

**DRAMATIC CLOSE-UPS**  
**WITH FLUORESCENT LIGHTS**

**CANON EOS 30D**  
No Boundaries

**PRO DIGITAL TESTS:**  
Canon S3 IS, Extensis Portfolio 8

## High-Speed Copying

A quicker way to copy files and dub your CDs and DVDs can be done with Lite-On's EZ-DUB SHW-1673SU External optical drive. The Re-Writable DVD Dual (±) format drive offers 8.5GB of double-layer recording. The optical drive will allow users to record up to four hours of high-quality MPEG-2 video, music and up to 17,000 images on compatible DVD+R DL media

## One-Stop Shop

Here's a very versatile new suite from MAGIX. The Goya Multimedia suite provides you with tools to edit your photos, create slideshows, and burn your data files. Another feature of the software is an encrypted, online storage vault that can protect even your most sensitive data, photo, and music files. You can also upload your photos, videos, and music to the MAGIX Online Album and share them with your family and friends.
